WHY HORSES WORK

Our rescued horses offer a unique opportunity for clients to practice connecting, building trust, and mutual healing; for they too have histories of trauma, abuse & neglect.

IMPROVE THEIR FUTURE

Since 2015, we have served more than 850 families. Our focus is to break trauma cycles, address unresolved traumatic experiences, and improve the future of our communities.

WHY WE NEED YOU

Our organization operates on grants & private donations. Recent increases in demand requires us to seek our community's support. Will you help the next hero start their journey?
